BIG BATTLE IN CUBA

General Weyler's Account of the Engagement.

SPANISH VICTORY, OF COURSE.

Insurgents Lost Three Hundred Killed and Wounded While the Spanish Forces Lost but Six Killed and Fifty-Seven Wounded—Startling Rumors About the Steamer Hawkins.

HAVANA, March 19.—A hot battle between the forces of Colonel Hernandez and the insurgents under Maceo, Banderas and others, is reported from the neighborhood of Candelera in Pinar del Rio. The insurgent loss reported to have been 300 killed and wounded. Of the troops, Captain Torroja Guerrero was killed and Lieutenant Commas wounded. The official report also says that five soldiers were killed and 56 wounded.

The details of the battle are rather meager. Colonel Suarez Ynclan left Las Mangas on Monday. Colonel Hernandez was ordered to march over to Candelera. The march was made in torrents of rain. The insurgents to the number of 4,000 were waiting the advance of the troops on a farm. As they came up at a rapid gallop the insurgents opened fire along an extensive line which had been disposed behind the bushes along the road and parallel to it. This proved a galling and destructive fire and the Battalion of Tarfai in the van guard with a section of the cavalry squadron of Vitoria and the artillery found themselves speedily engaged. Firing then opened on both sides and the insurgents ran. The columns in the rear coming into action, the whole line of troops was involved.

The artillery threw grape shot over the insurgents, who advanced machete in hand. The movement of the insurgents was thus held in check, but new forces coming to their aid, they fell upon the Spanish columns in a fierce attack. This attack also was checked, says the official report, giving the victory to the Spanish troops and terminating the engagement after two hours' fighting with a bayonet charge assisted by a concentrated artillery fire, which dislodged the insurgents, who fled in great numbers. Many columns are now closely pursuing Maceo.

The insurgents have attacked the village of Camarioca province of Matanzas, but were repulsed with a loss of four killed. In retreating they burned two wharves and their adjoining warehouses, plundered and burned a dry goods store and committed other depredations. Near Bolindron the same band of insurgents burned a railroad bridge and they have destroyed by fire a number of fields at Vista Hermosa, near Sabanilla, and about the village of Guadalupe and the town of Alonso Rojas.

The escort of Esperanza train was fired on. They returned the fire, killing four insurgents.

Maximo Gomez is encamped at the plantation of Morenita, near Guira Mele, in Havana province.

The insurgents have burned the splendid plantation houses and machinery of San Leon.

The important village of San Antonio de Los Vegas has been plundered and burned with the exception of 15 houses.

A report from Colonel Galbis says that his column caused Gomez a loss of 60 men near the River Palma in Matanzas.

Lacret and other insurgent leaders, with a following of 1,500, are encamped on the plantation of Magote Matanzas.

General Melequizo reports fire insurgents killed and an unknown number wounded in a brush near Tapaste.

The governor of Havana has prohibited the editors of newspapers from expressing disaffection toward the government.

ONLY A RUSE TO GET TO CUBA.

The Filibustering Steamer Hawkins Was Not Sunk Off the New Jersey Coast.

NEW YORK, March 19.—The Herald says: The Spanish detectives engaged in keeping watch on the movements of the Cubans in this country are very much exercised over the report that the steamer Hawkins did not sink on the morning of Jan. 28, but that she made her way to the island, landed her cargo and is now laid up at one of the Florida Keys.

The story took two forms. One was that the Hawkins carried a double crew. Both crews were well paid, one to serve till the steamer returned to port, and the other to be discharged in small boats about five miles from the New Jersey coast. The vessel left port Saturday night and by Tuesday night she had gotten no further than Barneagle Point. As any ordinary vessel could make this distance in much less time, suspicion was at once aroused. The detectives argue that the Hawkins was merely crawling along the coast waiting for a storm. The storm broke on Monday night, and on Tuesday morning the crew left the ship in small boats, taking a good many of the passengers with them.

The detectives say that at the time the Cubans knew their intended movements were known to the United States and Spanish authorities in this country. They knew that the cruiser Raleigh and Montgomery, under the command of Admiral Bunce, were watching for them outside, assisted by the revenue cutters Morrill, McLean and Colfax. It was necessary, they say, to take some desperate measures to make it appear that the Hawkins had not gone to Cuba, and this means was adopted.

General Garcia was the only man of

consequence, rescued, and the detectives say that was done in order to allay their suspicions further. Besides, they say Garcia can do more good in this country at the present time than he can in Cuba. Moreover, the detectives say that the Hawkins had on board twice as many men as she could carry to Cuba, and that it was absolutely necessary to dispose of some of them en route.

Another version of the story on which the detectives are working is that the Hawkins is actually at the bottom of the ocean, having been scuttled by the Cubans after her cargo had been transferred to another vessel. They do not take up this theory with any degree of activity, however, as they are inclined to think she actually made her landing in Cuba. They believe she went to the north and east of the island and then made her way to the Florida keys, where she is waiting for an expedition.

EDISON'S CRANK CALLER.
He Walked From Nebraska to Collect a Fictitious Claim.

NEW YORK, March 19.—Thomas A. Edison had a visit from a remarkable crank at his home in Orange, N. J., last night. He was Bert Budgeon, a young man from Edison, Neb., who says that eight years ago Edison stole from him a patentable discovery, an arc light carbon, and has made money through it. Edison has been deluged with letters from Budgeon for two years. About a year ago the writer sent word he would accept \$100 in cash and call the account settled. Later he drew on Edison at sight, but needless to say, the drafts were not honored.

Last fall he wrote announcing he was coming to Orange to collect the money in person and requested that sufficient money to pay his fare be forwarded to him. No attention was paid to the letter, but Budgeon himself appeared in West Orange yesterday. He was a wreck. He had walked from Lincoln, Neb., across the continent to Orange to obtain \$100. His hair had not been cut since he started and hung down to his shoulders. His beard had grown and almost hid his face, and his clothes and shoes were almost worn out. He asked to see Mr. Edison, but Secretary Randolph told him to call again. He did so and was arrested. He talked rationally on all subjects save that of his imaginary claim on Edison. Justice Condit advised him to drop the claim against Edison and after considerable persuasion Budgeon agreed to do this. He also promised to go back to Nebraska and was released.

KICKED A WOMAN TO DEATH.
ST. LOUIS, March 19.—John Jones, who is wanted by Governor Altgeld for kicking Mrs. Susan Mendenhall to death while town marshal at Anna, Ill., last August, has been arrested in St. Louis. Jones gave his name as George Rayburn, and said that he came to St. Louis four days ago with his little daughter, who lives with him. Mrs. Jones claims that her husband came to the city for the express purpose of killing her, and it was at her instigation that he was arrested.

"SPECIAL ORDER" TAILORS STRIKE.
CHICAGO, March 19.—About 1,000 tailors, men, women and girls, struck work yesterday in support of the strike inaugurated some time ago by the clothing cutters and trimmers. Yesterday's strikers are known as "special order" tailors and are employed mainly by contractors who manufacture cheap clothing for custom tailors. They claim that their wages have been reduced until it is practically impossible for them to live on the money received for the work.

TWO NEGROES HANGED.
HOUSTON, March 19.—At Belleville, Tex., yesterday Clem Strawthor and Buck Chappelle, negroes, were hanged at noon for murder. Chappelle killed Mrs. Dora Ermshoff because she did not hand out her pocketbook quick enough. He died protesting his innocence. Strawthor died with a confession of guilt, his crime being the assassination of a Bohemian actuated by revenge. Both men were strangled, the necks of neither being broken.

MURDERED AND ROBBED.
LINDSAY, Ont., March 19.—James Agnew, living in the west ward of this town, was murdered last night. He went out to feed horses, and not returning as usual, his wife went in search and found at the stable door the dead body of her husband with a bullet hole behind his ear. On the ground beside the body were scattered papers and an empty purse. There is no clew to the perpetrators of the crime.

ENGINEER KILLED.
PARIS, Ky., March 19.—The fast express from Knoxville to Cincinnati was wrecked near Livingston by the engine striking a rock and turning over. John King, the engineer, was killed. He made his first run yesterday. He was from St. Louis. The train was 40 minutes late and was trying to make up lost time.

OFFICIALS NOT TO BLAME.
ST. LOUIS, March 19.—The coroner's jury has been investigating the collision on the Kirkwood electric line, on March 8, in which Robert Aiken, Julius F. Jones and Richard J. Laligan were killed and about 50 people were injured, returned a verdict last night, exonerating the officials of the company.

FIRES IN A RUSSIAN TOWN.
ST. PETERSBURG, March 19.—Three great fires occurred yesterday at Lutsk (Lutsk). The cotton factory which was destroyed was alone insured for \$100,000 roubles (about \$635,000). The losses sustained were tremendous.

ON TRIAL FOR MURDER

SIX MEN CHARGED WITH KILLING ANOTHER ONE.

RESULT OF A DRUNKEN QUARREL

THE FIGHT OCCURRED AT A QUART SHOP WHILE SOME OF THE PARTICIPANTS WERE ON THEIR WAY HOME FROM CHURCH—GOVERNOR MATTHEWS SERIOUSLY ILL—VARIOUS OTHER INDIANA STATE NEWS.

BRAZIL, Ind., March 19.—George, William, Charles, John and David Cindler and Daniel Miller, indicted for murder, are being tried here. The killing occurred one Sunday evening at Howesville, a small town on the line between this and Greene counties. The accused and John Cahal, with his two sons, had been to church, and en route home all of them stopped at a quart shop, with the exception of the senior Cahal.

Afterward he returned in search of his sons, and one of the Cinders asked him to take a drink. He replied that he had joined church and could not accept. This led to a quarrel and a general fight, in which knives and stones were used. Stephen Cahal, one of the sons, had his skull crushed, and he died a few days later. Two of the Cinder boys were so badly cut that for a time it was thought that they would die.

The defendants were arrested at the time and fined for assault and battery, but the Clay county grand jury took the matter up, and indictments were returned. The accused are all responsible citizens, living in the vicinity of Howesville.

MALTREATED BY TRAMPS.

DASTARDLY DEEDS PERPETRATED UPON AN OLD AND HELPLESS MAN.

ECKERTY, Ind., March 19.—The family of Clarence Hammill, living in the vicinity of Branchville, went to church, leaving Mr. Hammill's father, who is 77 years old, in charge of the premises. While the old gentleman was closing the barn doors he discovered three tramps, whom he attempted to drive away.

Thereupon the tramps seized him and stripping off the clothing of his lower limbs, they tied it about his neck, and then sitting him upon a snow-covered log, they used an old knife in cutting off his hair and whiskers, severing it as they would thorns from a bush. The old gentleman had worn his hair and whiskers unshorn for 20 years, and he was proud of his hirsute appendages.

HUSTLED OUT OF A CHURCH.

SENSATIONAL EPISODE AT A FUNERAL WHICH MIGHT HAVE BEEN WORSE.

CRAWFORDSVILLE, Ind., March 19.—A sensational episode occurred yesterday afternoon at the funeral of Mrs. Fullon, at Liberty church. Walking into the crowded church came Phil Hank, who is under indictment for causing the death of Grace McClamrock, and who was recently released on band.

The parents of the murdered girl were present, and when Hank entered they left the church. Immediately members of the Horsethief Detective association took action, and Hank and his mother were quickly hustled outside the building. Had the young man made resistance he would probably have been killed, as the excitement was intense.

A WOMAN IN THE CASE.

ANDERSON, Ind., March 19.—Edgar W. Farmer, the North Anderson school teacher whose mysterious disappearance caused such a stir, has been located at Atlanta, Ga. He telegraphed from that place to his father that he was coming home and asking forgiveness. He said a letter would explain all. The father and brother left last night for that point to look him up. They fear he is deranged and that he may wander off again. The cause of his disappearance is as much a mystery as ever, but it is whispered now that there is a woman in the case.

STRUCK A SALT WATER HOLE.

WABASH, Ind., March 19.—The oil well drilled on the Sutton farm, near Lafontaine, this county, has proved to be a salt water hole at a depth of 1,100 feet, and the result has somewhat dashed the hopes of oil enthusiasts around Lafontaine and in the southern part of the county. There are, however, strong traces of oil in the well, and other wells will be drilled on the land in the southeast corner of the county, and east of Lafontaine, where thousands of acres have been leased.

GOVERNOR MATTHEWS ILL.

INDIANAPOLIS, March 19.—Some alarm is felt here among the friends of Governor Matthews, who has been confined to his bed since last Thursday, as the result of a cold which he contracted while acting as one of the pallbearers at the funeral of the late William H. English. The day was very cold and the governor stood with uncovered head during the burial services. His physician has so far been unable to break up the attack, which has developed into an acute form of grip.

E. D. JACOBS DEAD.

JEFFERSONVILLE, Ind., March 19.—E. D. Jacobs, a prominent and wealthy farmer of this county, died yesterday of a complication of diseases. The deceased was a well known horseman, and was identified with the Clark County Fair association and with other enterprises of a public nature.

REEDSBURG, Wis., March 19.—D. B. Rudd, a millionaire banker and manufacturer of this city, died yesterday in Florida, where he with his family was spending the winter. He was a pioneer of Wisconsin and made a fortune in early days in lumber operations.

ANOTHER SUSPECT.
AMERICAN EXPRESS OFFICIALS SEARCHING FOR STOLEN MONEY.

ST. LOUIS, March 19.—The officials of the American Express company think they have solved the mystery of the disappearance of \$22,500 out of a package containing \$50,000 that had been shipped by a St. Louis banker to the National bank of the Republic in New Orleans in October, 1893. They have filed two suits in the circuit court. One is an attachment against August Graulich, who as messenger, had charge of the money package after it left this city, for \$22,500 alleged to be in deposit in a safe deposit vault here. The other is a petition for a writ of mandamus to restrain the bank people from allowing Graulich to withdraw the money, alledged to be on deposit there.

If any money belonging to Graulich is found to be in the vaults in such sums as to cause suspicion that it came from the robbery three years ago, Mr. Wiffley, the company's attorney, says the company intends to prosecute Mr. Graulich criminally for the theft. If no money is found, then the case will fall through. A. K. Gurney of New Orleans was originally charged with the theft, but was acquitted after a long trial.

THEIR ONWARD MARCH.

THE DERVISHES WITHIN TWO HOURS OF THE TOWN OF CASSALA.

ROME, March 19.—The Popolo Romano has a dispatch from Massowa, which says that the Dervishes are within two hours of Cassala, and are awaiting Osman Digna's arrival before attacking.

There is also a rumor that the Italians have evacuated Cassala. If this news proves true the enemy will probably carry the war into the territory still held by the Italians.

Communications with Adigrat have been cut off.

General Baldissera's endeavors to restore negotiations with the Abyssinian Negus Menelik continue.

CYCONE IN TEXAS.

BEAUMONT, Tex., March 19.—Yesterday morning a cyclonic wind swept down three miles from here and turned the house of George Geldarm bottom up, completely wrecking it. Mrs. Geldarm was knocked senseless and one of her children hurt. The residences of Joe Beghter and C. E. Hildebrand were blown from their foundations. The wind then seemed to leave the earth, but two miles eastward dipped down again, overturning a schoolhouse and wrecking John Holmes' house. The storm then skipped toward Louisiana.

COLISEUM STRIKE SETTLED.

CHICAGO, March 19.—The stonecutters' strike on the Coliseum has been settled and the building will now without question be ready for use far ahead of the date set for the Democratic national convention. A meeting was held yesterday afternoon between representatives of the strikers, the contractors and Colonel Dickinson, president of the Coliseum company and after some concessions on both sides, the entire matter was adjusted and the men agreed to go to work.

STRIKING GIRLS STILL OUT.

WALTHAM, Mass., March 19.—The strike situation among the girls at the Waltham watch factory is still on. It is now stated that the increasing depression in the watch trade makes possible a shutdown of the factory, affecting 2,500 employees in the near future. To afford temporary relief, a large number of employees in different departments are being given short vacations.

YELLOW FEVER SPREADING IN BRAZIL.

NEW YORK, March 19.—The Herald correspondent in Rio Janeiro telegraphs that yellow fever is again spreading throughout the city at an alarming rate. One hundred new cases were reported yesterday. The scourge reappeared on the Italian cruiser Lombardie and it was resolved to send her to sea. The vessel started for the Cape Verde islands.

EX-CONGRESSMAN HOLMAN'S WIFE DEAD.

WASHINGTON, March 19.—Mrs. Abigail Knapp Holman, the wife of ex-Representative William S. Holman from Indiana, died here suddenly last night. Mr. Holman was with her at the time. The remains will be taken to Aurora, Ind., for interment. The family were spending the winter here on account of the feeble condition of Mrs. Holman.

RELIEF FOR ARMENIANS.

NEW YORK, March 19.—The following was yesterday received from the international Armenian relief committee at Constantinople: "All our available funds exhausted, 13 distributing centers calling for help, people perishing, what shall we answer?" and in response the national Armenian relief committee forwarded by cable \$10,000.

POWDER EXPLOSION

PART OF THE MILLS AT RIFTON, N. Y., DESTROYED.

FIVE MEN INSTANTLY KILLED.

A SCORE OF OTHERS SLIGHTLY HURT—THIRTY THOUSAND POUNDS OF POWDER DESTROYED. FIRE FOLLOWS THE EXPLOSION DOING STILL GREATER DAMAGE—THE ENTIRE SURROUNDING VILLAGE BADLY SHAKEN.

KINGSTON, N. Y., March 19.—A terrific explosion occurred at the Lafelin Rand powder mill at Rifton yesterday. Rifton is about six miles from this city, and yet the force of the explosion, which was closely followed by a second explosion, was plainly felt here. Five men were blown to pieces and it was with difficulty that their identification of the missing could be arrived at. The five men killed were: Elias Peterson, John Jones, Emery Decker, Norman Decker and Solomon Smalley.

About 50 men were employed at the mill, and many of them were hurt.

DEATH OF E. E. PEARCE.

Flemingsburg Loses One of Her Wealthiest and Most Prominent Citizens.

Mr. E. E. Pearce, of Flemingsburg, died yesterday afternoon at 2 o'clock at the family residence in that city. His health had been failing some time. Two or three weeks ago he suffered a stroke of paralysis which finally terminated fatally.

Mr. Pearce was born near Poplar Plains August 3rd, 1822, and was consequently in the seventy-fourth year of his age. He was a man of splendid business capacity and was probably the wealthiest citizen of Fleming County. For years he had been at the head of the banking firm of Pearce, Fant & Co., Fleming County's leading financial institution, and one of the strongest in Northern Kentucky. He was a tower of strength to the business community and his loss to Flemingsburg is a heavy one, coming as it does at this time.

Deceased married a daughter of James P. Fant. She, with three sons and one daughter, survives him. He leaves many relatives and a large circle of friends in this city and county.

The funeral will occur to-morrow afternoon at 1 o'clock.

The heavy rain set in yesterday at noon continued until this morning, when it turned to snow. The snow on the ground yesterday had about all disappeared.

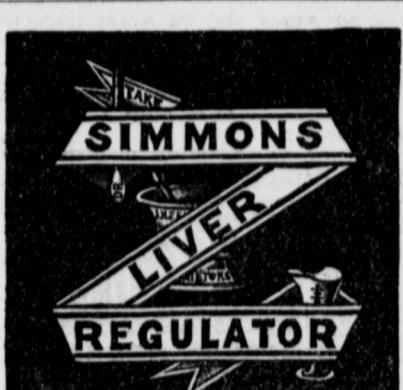

Campaign Expenses.

The Ohio Legislature has passed a bill limiting the amount of money a candidate for an office can spend in a campaign and requiring a report from each candidate of the amount of the expenses, and it became a law. A candidate may spend \$100 for a population of 5,000, and \$1.50 for each 100 voters over 5,000 and under 25,000; no additional sum being permitted for a population greater than 25,000. The penalty for violation is a \$1,000 fine, to be collected by suit by the Attorney General, and the withholding of the candidate's commission, in case he is elected.

OFFICERS' DUTIES DEFINED.

What the Supreme Court of Ohio Says on This Important Subject.

The Supreme Court of the State of Ohio has recently made the following decision of interest to Marshals and other officials: "Where a breach of the peace is committed in the presence of an officer of an incorporated village or city, he may, without warrant, arrest the persons who participate therein.

"If, however, the officer was absent when such offense was committed, and did not appear there until the affray had ended, public order restored and the guilty parties had departed from the vicinity, and all the information the officer had of the affray and of the parties to it was the statements of bystanders who witnessed it, he has no authority in law to pursue and arrest the person charged with the offense without first obtaining a legal warrant therefor."

G. A. V. UNIFORMS.

Commander and Mrs. Ballington Booth Have Selected Them.

NEW YORK, March 19.—The uniforms to be worn by God's American Volunteers has been decided upon by Commander and Mrs. Ballington Booth.

The dresses of the women will be made of seal brown cashmere. The skirt will be perfectly plain, of such a length that it will just clear the ground. The waist of the uniform will be a tight-fitting Norfolk jacket with three box pleats down the front and three down the back. The headgear of the women will be a poke bonnet. As compared with the Salvation Army bonnets they are open behind, and they do not cover the ears. The poke is also narrower. The style for spring and summer will be brown straw, trimmed with brown satin ribbon.

The men's uniform will be almost exactly like that of the United States army. The trousers will be light blue and the blouse dark blue. The blouses of the officers will have standing collars. The collars of the privates' blouses will be like the collars of ordinary coats. Upon the collars will be embroidered the letters "G. A. V." A slouch hat for the officers and a fatigue cap for the soldiers have been talked of, but not decided upon.

CAUGHT DEAD TO RIGHTS.

A Man and His Wife Arrested For Counterfeiting.

ST. JOSEPH, Mo., March 19.—The United States authorities here have arrested W. L. Pease and his wife, charging them with counterfeiting. Pease was arrested at the Burlington freight office, where he appeared to claim a box shipped from Omaha to "William Herb."

This box was seized and opened. It proved to contain a quantity of tools and paraphernalia for the moulding of metal and half a bushel of spurious dollars and half dollar pieces. The counterfeits are very clever imitations of the genuine coins. Pease's wife was arrested at a boardinghouse, and there, too, the officers found a quantity of the counterfeit money.

Two of their accomplices, one known as W. L. Herb, and another whose identity is unknown, succeeded in making their escape through the rear door of the house. Mrs. Pease made a confession stating that the men had made the coins in Omaha and that a considerable amount of the stuff had been passed there.

She says her home is in Chicago and that the gang have also passed much of the spurious coin there. Pease is 32 years of age, well dressed and of fine appearance. He claims to be a nephew to John C. Clay of Plattsburg and Tom Gordon of Liberty, both well known Missouri bankers.

CUBAN DEBATE LAID A DE.

A Number of Bills Pas ed by the Senate. House Proceedings.

WASHINGTON, March 19.—Owing to the indisposition of Mr. Mill's (Dem., Tex.) who had the floor on the subject, the Cuban debate was not continued yesterday. An animated controversy arose over the resolution of Mr. Cannon (Rep., Utah) directing Secretary Smith, to execute the law for the public opening of the Uncompahgre Indian reservation, Utah. Mr. Cannon said 2,000,000 acres

were involved and he wished this mandatory resolution to overcome the delays of the secretary of the interior. This subject was discussed until 2 o'clock when it was temporarily laid aside and the Dupont case taken up, Mr. Thurston, addressing the senate in behalf of Mr. Dupont.

The following bills were passed: One for the relief of settlers in the Northern Pacific railroad indemnity lands in Minnesota; amending the law as to fees and costs in circuit courts of appeals; amending the practice as to habeas corpus cases in circuit courts of appeals; for the reconstruction of Rock Island bridge; authorizing the secretary of war to issue Springfield rifles to state troops in exchange for an equal number of old arms; authorizing the Rock Island, Muscatine and Southwestern Railway company to build a bridge across the Illinois and Mississippi canal; authorizing the leasing of lands for educational purposes in Arizona; authorizing the secretary of the navy to purchase lands opposite the Gasport navy yard at a cost not exceeding \$150,000; fixing the salaries of the justice and justices of the court of claims at \$6,500 and \$6,000, respectively; amending the act relating to Choctaw Coal and Railway company; providing for the disposition of certain property now in the hands of the receiver of the Church of Jesus Christ of Latter Day Saints; granting to California 5 per cent of the proceeds of the sales of public lands in that state; authorizing the committee on Indian affairs to visit Indian reservations, schools, etc.

At 5:50 p. m. the senate went into executive session and shortly afterward adjourned.

House Proceedings.

WASHINGTON, March 19.—The house yesterday entered upon the consideration of the resolutions censuring Mr. Bayard for speeches delivered by him before the grammar school at Boston, Eng., and before the Edinburgh (Scotland) philosophical institution last fall. Mr. Hitt, chairman of the foreign affairs committee, and Mr. McCreary, who was chairman of the committee in the last congress, opened respectively for and against the resolutions. Mr. Cousins' speech in support of the resolutions was the feature of the proceedings. He won for himself high distinction as an orator. His bursts of eloquence, set off by a keen and penetrating wit, aroused the house and the galleries to unbounded enthusiasm. Mr. Dinsmore (Dem., Ark.) who was minister to Corea during the former Cleveland administration, in closing the debate for the day defended the utterances of Mr. Bayard as to the effect of protection and to the great delight of the Democrats read extracts from Senator Chandler's interview alleging that the McKinley boomers were levying on the protected industries.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed eye, where Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
